EDUCATION

Year	Degree/Exam	Institute	CGPA/Marks
2025	Bachelor of Computer Applications	JIS University, Kolkata	8.71/10
2022	Higher Secondary CBSE	Panisheola Indira Smriti Vidyapith	81.50%

INTERNSHIPS

Full-Stack Developer Intern KreupAI Technologies LLC (Dubai, UAE)	Sept '25 – Feb '26
- Developed responsive applications using Next.js and React Native delivering smooth, scalable user experiences. - Built and integrated REST APIs with MySQL/PostgreSQL, optimizing database queries for faster performance. - Collaborated in Agile sprints, prototype designs, writing testable code and improving quality through reviews.	
Android Developer Intern MedFindRX	Jul '25 – Sept '25
- Developed intuitive Android app screens using React Native, implemented UI designs from Figma with high fidelity. - Integrated Google Firebase for backend services to ensure smooth operations and secure authentication. - Participated in UI and data workflow brainstorming, contributing ideas that improved design clarity and data flow.	
Full Stack Developer Ardent Computech Pvt. Ltd.	Jul '24 – Aug '24
- Led a team to develop a web platform for food donation, ensuring an NGO's online presence and engagement. - Built and managed backend using Node.js and MongoDB, streamlining food donation flow during internship. - Enforced secure form handling and real-time donor data capture to improve donation tracking and efficiency.	

SKILLS

Frontend – React Native, Expo, React.js, Next.js | **Backend** – Node.js, Firebase, RESTful APIs | **Database** – MongoDB, PostgreSQL, MySQL | **Services** – Render, Vercel, AWS | **Languages** – Python, HTML, CSS, Javascript, SQL | **Tools** – Tailwind CSS, Git, Postman

PROJECTS

GarbageGo – Garbage Truck Tracking – React Native, Node.js, MongoDB
- Built a dual-role mobile app for real-time garbage truck tracking and location-based status updates. - Implemented dynamic ETA logic by landmark, allowing users to track truck arrival with improved accuracy.
TaskBuddy – Task Manager – React Native, Firebase
- Developed a cross-platform mobile app for task management with real-time sync and calendar integration. - Implemented dynamic theming and intuitive task creation to help users organize, prioritize, and track tasks.

CERTIFICATIONS

- Paper Presented – “MOODMAPOON: A Study for Identifying Autism-Related Behaviour”, ICSOFTCom 2024, CHARUSAT
- Certificate of Participation – CODESPRINT 1.0 Internal Hackathon, JIS University

AWARDS

- Best Paper Award – “GarbageGo: City Waste Management System”, RAICCIT 2025, JIS University
